President's Corner

Now is "A" time to plan "A" Dancin' in Branson National Meet in Branson, Missouri, June 24 - July 1, 2018. See your MARC magazine for more information on the event.

The board voted to keep the same 2017 officers for the year 2018 with the addition of Larry Morlock as a director. Wayne Arnholt

volunteered to take care of the club's video library. Thank you all for your service.

Our February membership meeting will include the 2018 club event planning. Please come with your favorite tours to repeat and ideas for new tours to recommend. The Board will meet and put a tour schedule together after the February meeting. If we could have one or two members to

go together and volunteer to lead one of these tours, that would be great!

I would remind our members that our club dues are due. Please remit to Phil Sutton, Treasurer. Our yearly roster will be compiled after our Swap Meet and the final dues are in.

Also, if you haven't already turned them in, your odometer readings are due in to Larry Morlock. Please note that you must join the mileage awards program. It costs \$1 to join. If you haven't joined, we encourage you to do so by contacting Larry and giving him you dollar.

1928-1931 Ford Factory Branch Locations

Model A and AA Ford cars and trucks were assembled and distributed to dealers through numerous Ford Motor Company Branch locations across the United States. Each Branch covered a geographic territory and supported the dealers in that territory. Most Branches were also a form of assembly plant, final assembling vehicles from component parts and sub-assemblies produced primarily at the Rouge near Dearborn, and at Ford's suppliers globally. The Branch was also the dealer's source of genuine Ford service repair parts, as well as factory sales and service training and information. A few branches were only warehouse distribution points for service parts and training, and did not assemble or distribute complete vehicles.

The following is a list of the 35 US Branch locations in early 1930.

Atlanta	Fargo	Oklahoma City
Buffalo	Houston	Omaha
Charlotte, N.C.	Indianapolis	Pittsburgh
Chester, Pa.	Jacksonville	Portland, Ore.
Chicago	Kansas City, Mo.	St. Louis
Cincinnati	Los Angeles	St. Paul
Cleveland	Louisville	Salt Lake City
Columbus	Memphis	San Francisco
Dallas	Milwaukee	Seattle
Dearborn, Mich.	New Orleans	Somerville, Mass.
Denver	New York	Washington (D.C.)
Des Moines	Norfolk	

Steve Plucker has written a book, THE 1928-31 FORD ASSEMBLY PLANTS AND THEIR PRODUCTION OF MODEL A FORD "PASSENGER CARS" It can be ordered for \$25.00 at steve@plucks329s.org.

In the Rearview Mirror

Our December Christmas party turned out well, with around 80 members attending the dinner. We also had excellent music for entertainment provided by the Lick Creek Band. Thank you all so much!

We have reserved the Pines for our Christmas party in 2018 as well as the band for our entertainment.

Medical Corner

Please remember Cheryl Goodman. Her report is that she is improving from her fall.
